## Consultation Manager

- **Consultation Type** - The following **Consultation Types** have been added:
  - **Video consultation** - Aimed at consultations carried out via video link, for example Skype or Face Time.
  - **eConsultation** - Aimed at consultations carried out via electronic mediums, for example email or Whats App.

## Control Panel

- **Staff Roles** - From **Control Panel - File Maintenance**, the following staff roles have been added for selection:
  - **Contact Tracing Nurse** - The Contact Tracing Nurse role has the same functionality in Vision as a Practice Nurse. To set up a **Contact Trace Nurse**:
    - **Role** - Select **Contact Tracing Nurse**.
    - **Prescribing No** - Enter their prescribing number.
    - **Supplementary Prescriber** - Tick if appropriate.
    - **Independent Presc** - Tick if appropriate.
  - **Paramedic** - The Paramedic role can now be allocated to a staff member. To set up a Paramedic:
    - **Role** - Select **Paramedic**.
    - **Prescribing No - England and Wales only** - The Paramedic prescribing code can now be added to enable prescribing for your paramedics.
    - **Supplementary Prescriber** - Tick.

The screenshot shows a configuration window for a staff member. The 'Role' dropdown is set to 'Paramedic'. The 'Prescribing No' field contains 'PA12345'. The 'Supplementary Prescriber' checkbox is checked. Other fields include 'Date Joined Practice', 'Date Left Practice', 'Date Qualified', 'Date Registered', 'Date Became Principal', '24hr Retirement Date', 'Type Of Employee', 'Job Sharer', 'Insurance Company', 'Insurance Expiry Date', 'Insurance Number', 'Employer', and 'Employed by Practice' (checked). The 'OK' and 'Cancel' buttons are at the bottom.
