

Vision Release DLM 700

Summary of Changes

October 2019

Vision Front Screen

- **Vision Tasks** - When you migrate to **Vision Tasks**, your **My Daybook Tasks** pane automatically updates to a **My Tasks** pane:

The screenshot displays the 'Vision Tasks' interface. At the top, it says 'Vision Tasks' and 'Refresh: 40'. Below this is a section titled 'My Tasks (49)'. The tasks listed are:

- co group reject test 25/04/19 23:59 (NO PATIENT) with a button 'Annual Prescr...'
- Self assigned task.. 07/05/19 09:12 (NO PATIENT) with a button 'Book Appoint...'
- test66 24/04/19 23:59 (NO PATIENT)
- HI 24/04/19 23:59 (NO PATIENT)
- lock test 5 24/04/19 23:59 (NO PATIENT)
- ToGroup_1044943921 24/04/19 23:59 (NO PATIENT)
- ToGroup_1044955975 24/04/19 23:59 (NO PATIENT)

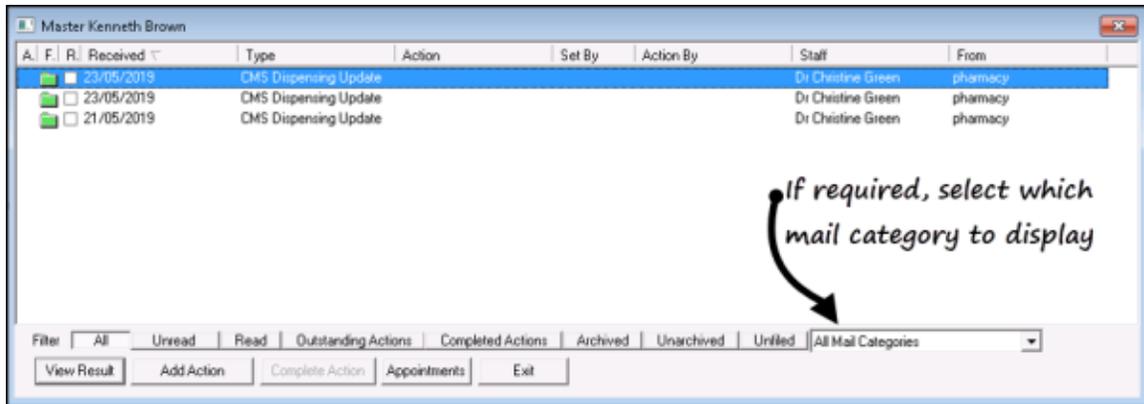

Below the tasks is a section titled 'Announcements (2)'. The announcements listed are:

- Announcement test 2 08/05/19 23:59 (NO PATIENT)
- Announcement test 5 07/05/19 23:59 (NO PATIENT)

Handwritten annotations with arrows point to the task list and the announcement list. The first annotation says 'Your outstanding Tasks' and the second says 'Your Announcements'.

Consultation Manager

- **View Mail for Patient** - From **View Mail for Patient**  there is a new mail category filter, this enables you to select the type of mail you want to see:

- **Test Requesting - ICE, Technidata, tQuest and Cyberlab** - If a Home Number is not recorded for a patient, the next recorded contact number is selected in the following order:
 - **Mobile number**
 - **Secondary home number**
 - **Emergency number**

Where none of the above are recorded, no number is sent.

- **Unit of Measure** - A new unit of measure, ug Hb/g replaces ug/Hb/g stool.

Event Log

- **Cancelled Prescriptions** - The issue of cancelled prescriptions not displaying correctly, has been addressed.

England, Wales and Northern Ireland only

Vision Front Screen

- **Warning** - In line with Information Governance guidance a warning reminding you of your responsibility and legal restraints displays on start up of Vision. The warning disappears after 10 seconds, or select **Click to dismiss** to clear manually:

Access to this computer/Solution and any information it contains is limited to authorised users only. Legal action can be taken against unauthorised use of, or unauthorised access to, this computer/Solution and/or any information it contains, including pursuant to the Computer Misuse Act 1990. If you are an authorised user, by proceeding to access and use this computer/Solution and/or the information it contains, you are accepting any terms of use, notices and policies which are contained or referenced within it or which have otherwise been drawn to your attention as an authorised user.

Scotland

Serial Prescribing (previously known as CMS)

The following changes have been made to the Serial Prescribing functionality as part of this release:

- **-Deleting a Serial Prescribing dispensing event** - You can now delete a dispensing event. Right click on the event, select **Delete** and confirm. The selected event is removed, the **Last Issue Date** and the **Dispensing Event Count** are updated.
- **-Editing the date of a Serial Prescribing dispensing event** - If you have received the incorrect date for a dispensing event, you can now update it. Right click on the event, select **Edit** and update the date as required. Where appropriate the **Last Issue Date** is updated.
- **Printing:**
 - **-Repeat Re-order form** - Serial Prescribing items are now listed separately on the re-order form under a **CMS Items** heading.
 - **Preferred and Serial Prescribing Pharmacy names** - Both the preferred pharmacy and the Serial Prescribing Pharmacy, as selected in **Consultation Manager - Patient Details - Preferences**, now print on the top of the right hand side re-order form.
- **Unique Prescription Number (UPN)** - The UPN of a dispensing event now displays in a separate **Message Reference** column in **Mail Manager**.

To search on the UPN, from Mail Manager, select **Filter - Message Reference** and enter all or part of the UPN required:

- **Warning Message** - If you attempt to create or print a Serial Prescribing item for a patient that has not registered for Serial Prescribing, the warning message has been updated to eliminate ambiguity:
