

Gemscript Bulletin - 2023 Jun v.01

1) General information

Welcome to the June edition of the Gemscript bulletin.

Best regards,

The Pharmacy Team

2) Major clinical changes

The following have all been updated with the latest MHRA guidance:

- **Direct-acting oral anticoagulants (DOACs):** paediatric formulations; reminder of dose adjustments in patients with renal impairment
- **Glucose solutions:** recommendations to minimise the risks associated with the accidental use of glucose solutions instead of saline solutions in arterial lines
- **Febuxostat:** updated advice for the treatment of patients with a history of major cardiovascular disease
