<p>Office 2016</p> <ul style="list-style-type: none">• Vision 3 has been tested against Office 2016, customers wishing to use this should conduct their own local testing and piloting.• Your GPC Machine requires Office 32bit.

Client Applications

Supported Operating System

Windows 10 and 11

- CHS supports **Windows 10** and **11** operating systems. We test in line with Microsoft's major releases twice a year. The latest version **22H2** has been tested with our **Client Apps**.

Windows Desktop/Laptop

- Our Windows Operating System compatibility is driven by our **.Net** version. Client applications, for example, **Vision Anywhere**, **Tasks** and **Appointments** are tested on the minimum and maximum versions of **.Net** in line with Microsoft guidance here <https://docs.microsoft.com/en-us/dotnet/framework/get-started/system-requirements>.

Mobile Applications

Supported Operating System

Mobile Devices

- **iOS** - Can be found from here on the App Store <https://apps.apple.com/gb/app/vision-anywhere-mobile/id1015382858?platform=ipad>.
- **Android** - Can be found from here on the Play Store <https://play.google.com/store/apps/details?id=inps.vision.anywhere&hl=en&gl=US>.
