

## Pharmacy Manager Release 15.1

Pharmacy Manager 15.1 introduces the following new features and improvements:

### England Only

- **Enhanced Claim Amendment Functionality** - When amending a prescription that has already been claimed you are now notified of the expiry date to send any subsequent notifications and claims. The expiry date of the **eMessage** also updates to ensure you do not miss the resubmission deadline.

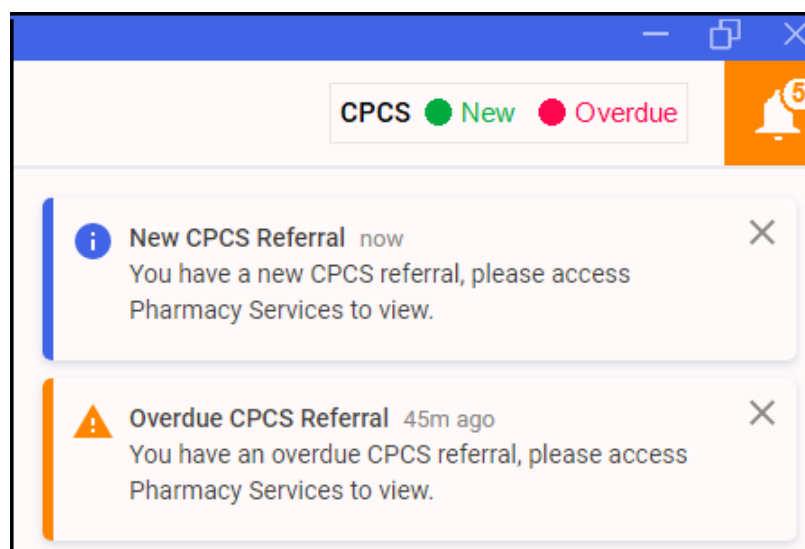

See [Amending a Claimed Prescription](#) for more details.

- **Audit Grid** - You can now print an audit grid on a Dispensing Token. See [Printing an Audit Grid \(England only\)](#) on page [2](#) for more details.

### Integrated Functionality

- **CPCS Referrals (Pharmacy Services customers only)** - Alerts now display on the **Pharmacy Manager** screen when a new **Community Pharmacy Consultation Service (CPCS)** referral arrives, or a **CPCS** referral status changes to **Overdue**:

Select the alert to view the referral in **Pharmacy Services** or to clear the alert simply select **Close** .

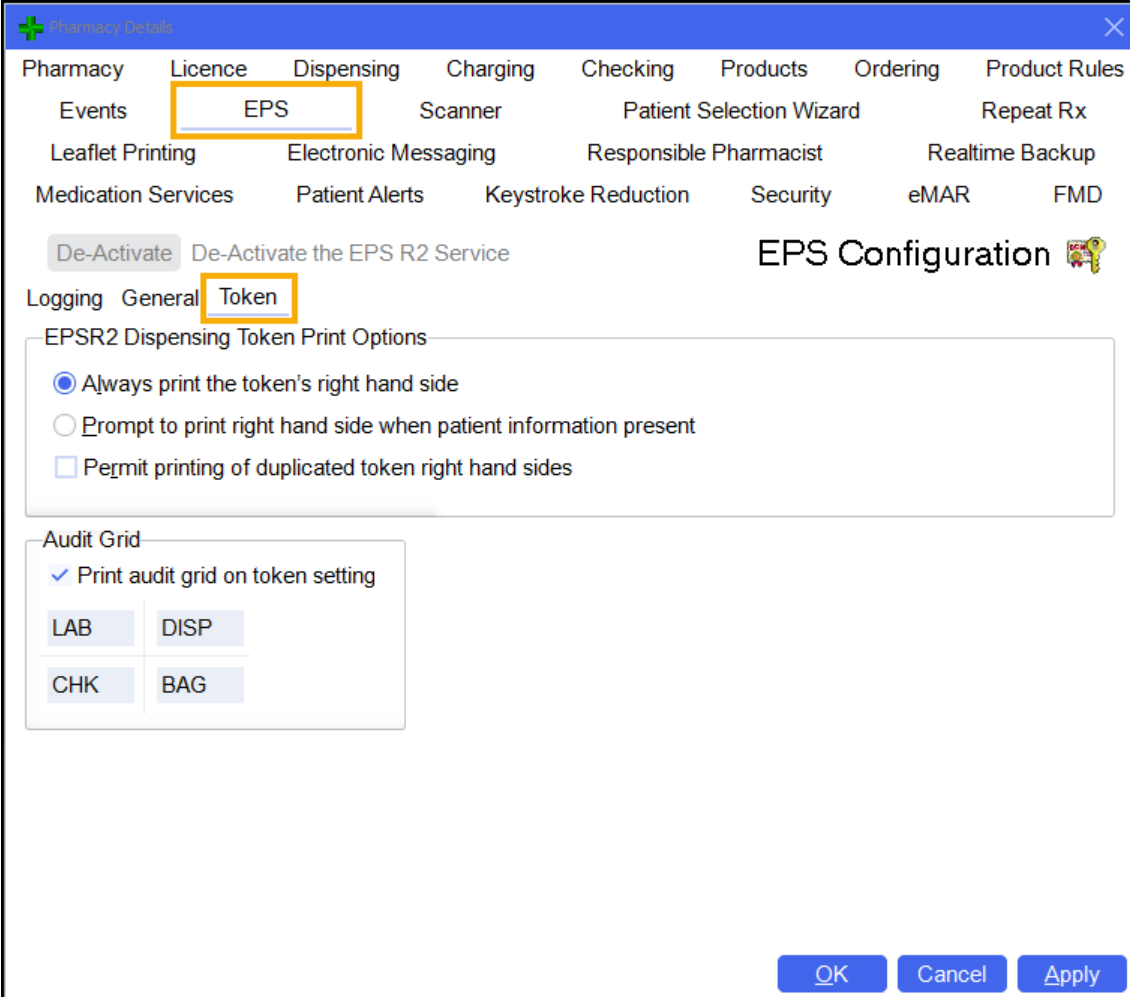

[Click here to view the Pharmacy Services Help Centre for more information.](#)

## Printing an Audit Grid (England only)

To print an audit grid on a Dispensing Token:

1. From the **Pharmacy Manager Toolbar** select **Tools - System Settings - Pharmacy Details**.
2. Select the **EPS** tab and then the **Token** tab:

Pharmacy Details

Pharmacy Licence Dispensing Charging Checking Products Ordering Product Rules

Events **EPS** Scanner Patient Selection Wizard Repeat Rx

Leaflet Printing Electronic Messaging Responsible Pharmacist Realtime Backup

Medication Services Patient Alerts Keystroke Reduction Security eMAR FMD

De-Activate De-Activate the EPS R2 Service **EPS Configuration** 

Logging General **Token**

EPSR2 Dispensing Token Print Options

Always print the token's right hand side

Prompt to print right hand side when patient information present

Permit printing of duplicated token right hand sides

Audit Grid

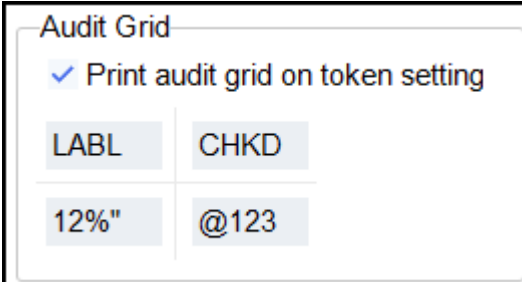

Print audit grid on token setting

LAB DISP

CHK BAG

OK Cancel Apply

3. Tick **Print audit grid on token setting** and enter the text to print on the grid, with a maximum of 4 characters per text box, for example:

Audit Grid

Print audit grid on token setting

LABL CHKD

12%" @123

4. Select **Apply**  and **Close** .

The audit grid displays on the dispensing token as shown:
