

Pharmacy Manager Release 15.3

Pharmacy Manager release **15.3** introduces the following new features and improvements:

All Countries

- **Message Dynamics** - When dispensing to a **Message Dynamics** patient, the patient's preferred contact method displays under their name:
 - Preferred contact method of **Landline**:

Dispensary

Patient:

Mr. Tim Green (2 Baron Taylors Street)

A PR26

- Preferred contact method of **SMS Texting**:

Dispensary

Patient:

Mr Masood Williams (Bank House)

£

PR26

 See [Message Dynamics](#) in the **Pharmacy Manager** Help Centre for more details on using **Message Dynamics**.

England Only

- **Prescription Tokens** - The logic behind printing the right hand side of tokens is improved.
- **Reimbursements** - The FP34 report is updated in line with the recent discount deduction scale changes.

The new rate discount grouping and the weighted discount percentage, old rate versus new rate, display in the **Drug and Appliance Costs** section of the report:

Drug And Appliance Costs	Times Claimed	Value
Total of basic prices at standard discount rate		£5,214.38
Discount (Old rate)	6.35%	-£331.11
Discount (New rate)		-£714.04
Appliance Discount	9.85%	-£22.98
Generic Discount	17.52%	-£618.52
Branded Discount	5.00%	-£72.53
Total Weighted Discount	70%/30%	-£445.99
Total of basic prices at zero discount		£1,627.48
Out of Pocket expenses	0	£0
Payment for consumables	995	£12.34
Payment for containers	372	£37.20
Total of drug and appliance costs		£6,445.41

The weighted discount percentage automatically updates with your system date every three months, so you can be confident that you are seeing an up to date weighted discount.

See [Changes to Discount Deduction Arrangements \(opens the PSNC website\)](#) and [Discount Deduction Scale Changes Explained \(PDF\)](#) for more details.

- **Prescriptions Home Page** - The following improvements have been made to the **Prescriptions** screen:
 - You can now open the **Patient Details** screen for a matched patient from the **Actions** menu, simply select **ACTIONS - View Patient Record**:

<input type="checkbox"/>	Patient Name	Type	Handout	Downloaded ↓	Expiry	Service Type	Clinical Check	
<input type="checkbox"/>	Mr Simon Mark Jackson Matched	Acute R2	IN STORE	17/01/2023 @ 11:30:17	16/07/2023 @ 23:59:59		Requires Check	ACTIONS ▾ DISPENSE
<input type="checkbox"/>	Mr Simon Mark Jackson Not Matched	Acute R2		17/01/2023 @ 11:29:37	16/07/2023 @ 23:59:59		Requires	View Prescription Details Clinically Check Return to Spine DISPENSE
<input type="checkbox"/>	Mr Clive Simon Phillips Not Matched	Acute R2		17/01/2023 @ 11:28:54	16/07/2023 @ 23:59:59		Requires	View Patient Record DISPENSE

- You can now clear all filters, simply select **CLEAR**:

--------------------------	--------------	------	---------	--------------	--------	--------------	----------------

See [New Prescriptions Screen \(England\)](#) in the **Pharmacy Manager** Help Centre for more details on using the **Prescriptions** screen.

Scotland Only

- **Prescriptions Home Page** - We have introduced a new **Prescriptions** screen to view your new prescriptions with flexible filtering and scanning functionality. This includes a new clinical check module giving you the option to perform an upfront clinical check prior to dispensing.

See [New Prescriptions User Guide \(Scotland only\)](#) in the **Pharmacy Manager** Help Centre for more details.

Note - The existing **eMessages** screen is available if required. Changes made on one are reflected on the other.

Wales Only

- **Prescriptions Home Page** - We have introduced a new **Prescriptions** screen to view your new prescriptions with flexible filtering and scanning functionality. This includes a new clinical check module giving you the option to perform an upfront clinical check prior to dispensing.

See [New Prescriptions User Guide \(Wales only\)](#) in the **Pharmacy Manager** Help Centre for more details.

Note - The existing **eMessages** screen is available if required. Changes made on one are reflected on the other.

Integrated Functionality

- **PharmDel Integration** - **Pharmacy Manager** now integrates with PharmDel, a third party delivery application.

See [PharmDel Integration](#) on page 4 for more details.

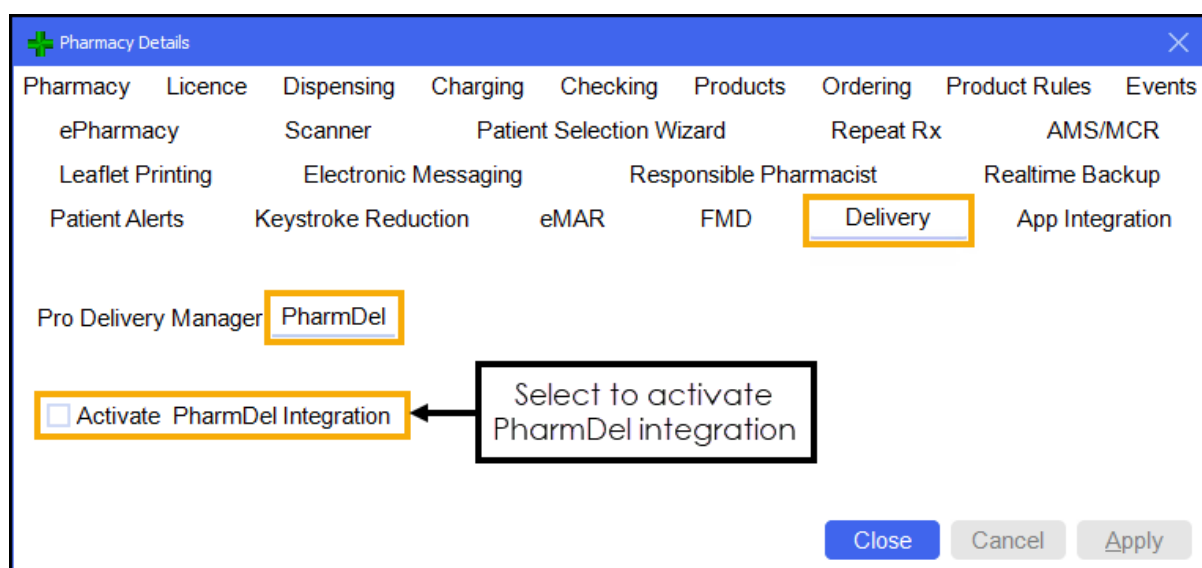

PharmDel Integration

Activating PharmDel Integration

The initial set up must be completed by **Cegedim Healthcare Solutions' Service Desk**, please contact your Account Manager who can organise this for you.

To activate the PharmDel integration:

1. From the **Pharmacy Manager Toolbar** select **Tools - System Settings - Pharmacy Details**. The **Pharmacy Details** screen displays:

2. Select the **Delivery** tab and then the **PharmDel** tab.
3. Tick **Activate PharmDel Integration**.

Using PharmDel Integration

Once PharmDel Integration is activated, when dispensing to patients that are set to a handout method of **Delivery**, an additional label prints. The label displays a QR code that contains the patient's data, this can be scanned using the PharmDel application to manage your deliveries:

With the Pharmdel integration active, to reprint this label, from the **Patient Details** screen select **Address Label (z)**:
