# Pharmacy Services Release 3.2

Pharmacy Services release **3.2** contains the following new features and improvements:
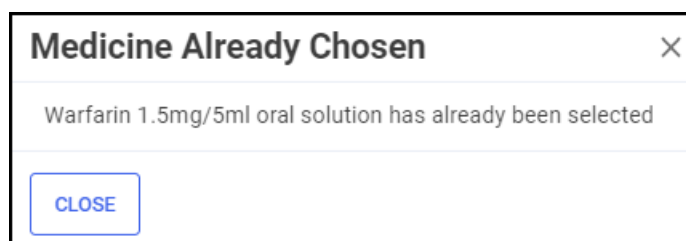

CPCS Referrals

- **Manual Referral - PDS Retrieval** - If you have the patient's Date of Birth and NHS Number when you are creating a manual referral, you can now populate the patient's details from the Patient Demographics Service (PDS):

New Medicine Service (NMS)

- **Duplicate Medication** - A message now displays advising the medicine has already been chosen, if you attempt to add duplicate medications to an **NMS** at the **Engagement** phase:

NMS and Flu Vaccination Services

- **Dispensing History** - You can now view a patient's **Pharmacy Manager** dispensing history from the **Patient Details** section of an **NMS** or **Flu Vaccination** episode:

Patient Details

Name	Date of Birth
Ben Nowland	09/06/1984
