# Vision Anywhere for Windows Desktop Release 4.7

## Summary of Changes

**Vision Anywhere** release **4.7** contains the following new features and improvements:

---

 **Note** - For full **Vision Anywhere** release **4.7** functionality you must have **Vision 3** release **DLM 830**.

---

### All Countries

- **Encounter Type:**
  - **Medication Management Event** - To support **Medication Reviews**, we have introduced a new **Encounter Type** of **Medication Management Event**.

---

 **Note** - Only available once the relevant SNOMED CT subset is released.

---

- **Non-consultation medication data** - To support the expansion of repeat medication management, we have introduced a new **Encounter Type** of **Non-consultation medication data**. This cannot be selected manually, it is automatically allocated to the reauthorisation of and the issuing from existing Repeat Masters.
- **Sodium Valproate Warning** - The Sodium Valproate Warning now only displays on patients who are female and aged 12 - 55.
- **Schedule 4 and 5 Controlled Drugs** - The issue relating to the missing indicator when prescribing Schedule 4 and 5 Controlled Drugs has been addressed.

### Wales Only

- **Welsh GP Portal (WGPP)** - NHS Wales has consolidated many of its services into a single portal for ease of access and use. To facilitate this you can now access the **Welsh GP Portal (WGPP)** from within **Vision Anywhere** quickly and seamlessly. The first service to use this feature is test requesting.

---

 See **Welsh GP Portal (WGPP)** on page **5** for details.

---

## Welsh GP Portal (WGPP)

**Digital Health and Care Wales (DHCW)** has consolidated many of its services into a single portal for ease of access and use. To facilitate this you can now access the **Welsh GP Portal (WGPP)** from within **Vision Anywhere** quickly and seamlessly. The first service to use this feature is test requesting.

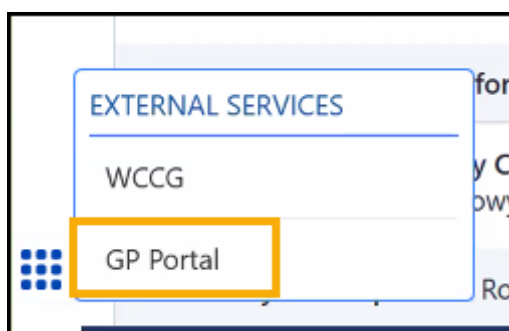

From the **WGPP** you can:

- Request tests for a patient, see [WGPP Test Requesting](#) on page 5 for details.
- Display tests requested for a specific patient, see [Viewing WGPP Test Requests](#) on page 10 for details.
- Reprint **WGPP** test request labels, see [Reprinting WGPP Test Request Labels](#) on page 11 for details.

## WGPP Test Requesting

To access the **WGPP** and request a test:

1. From **Vision Anywhere**, select the patient required in the usual way.
2. From **Navigation bar**, select **Application Switch** .
3. Select **External Services - GP Portal**:

---

 **Note** - Applications available vary depending on your system set up.

---

---

 **Training Tip** - If you select **External Services - GP Portal** without first selecting a patient you are prompted to select a patient.

---

4. If requested, enter your log in details and select **OK**.

---

 **Training Tip** - Your log in criteria are the same for both the **WCCG** and the **WGPP**.

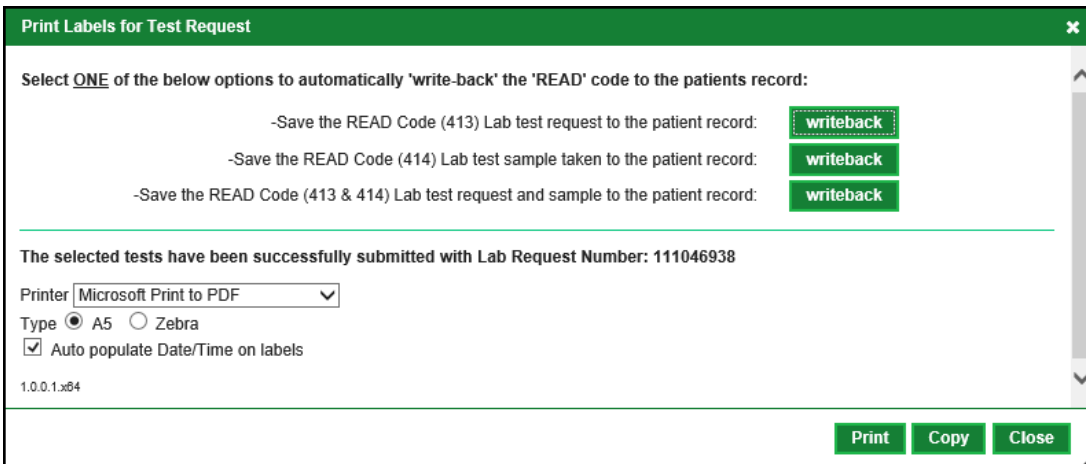

---

5. The **WGPP** displays, select **GPTR Requesting** .
6. The **Welcome to the GP Test Requesting Application** screen displays, complete the test request as per instruction provided by **Digital Health and Care Wales (DHCW)**.

 **Note** - The selected patient's name displays in the tab to the top left side of your screen, for example,

7. Once all the details of your request are complete, select **Request** .
8. The **Print Labels for Test Request** screen displays offering you a choice of writeback options to enable you to write the information back to **Vision Anywhere** in a way to best fit your practice protocols:

Select **writeback** alongside the option you want to record and then select **OK** to the **Request details saved successfully** message.

9. From **Printer**, select the printer you require and in **Type** the style of your labels, **A5** or **Zebra**.
10. Finally, select **Print**  to print the test request labels.

 See [Reprinting WGPP Test Request Labels](#) on page 11 for details if the labels fail to print.

11. Select **Close** to return to **Vision Anywhere**.

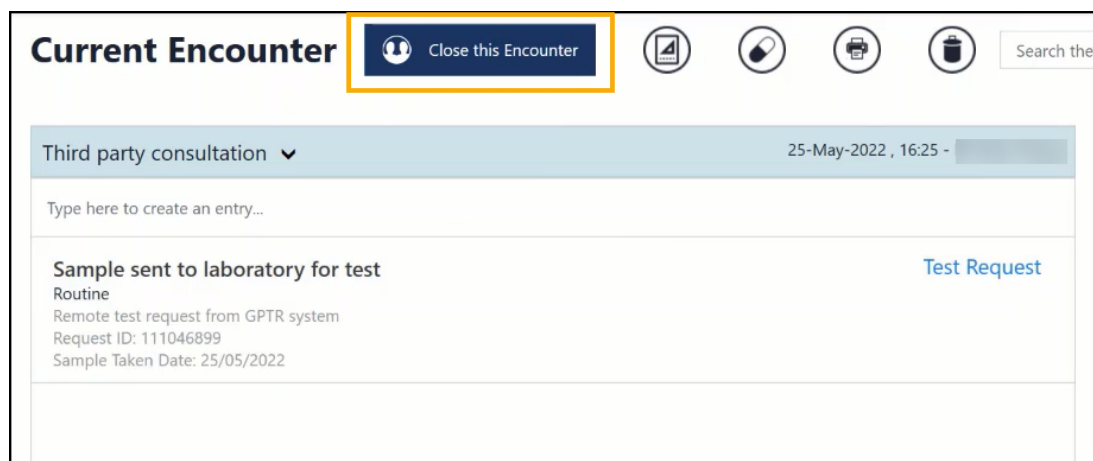

12. A 'n test request processed.' message, where 'n' is the number of tests requested, displays under your profile name. Select the **Back Arrow**  to return to the patient record:

13. The **Test Request** entry displays, select **Close This Encounter**

to close and save this consultation:

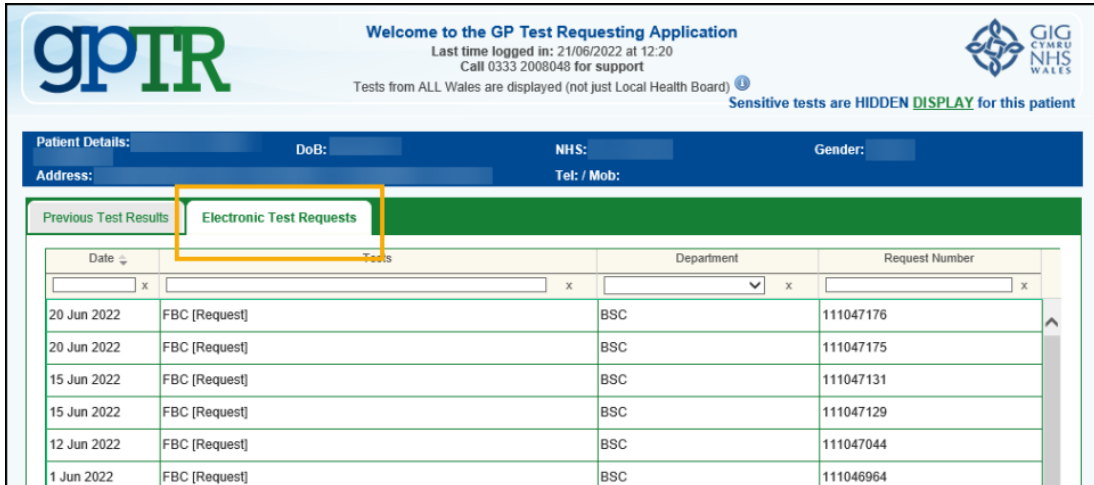

**Training Tip** - Please be aware that **WGPP** test requests recorded from **Vision 3** display as **Test Result**, those recorded from **Vision Anywhere** display as **Test Request**.

## Requesting a Repeat Test

If you are requesting a test that has been performed on this patient before:

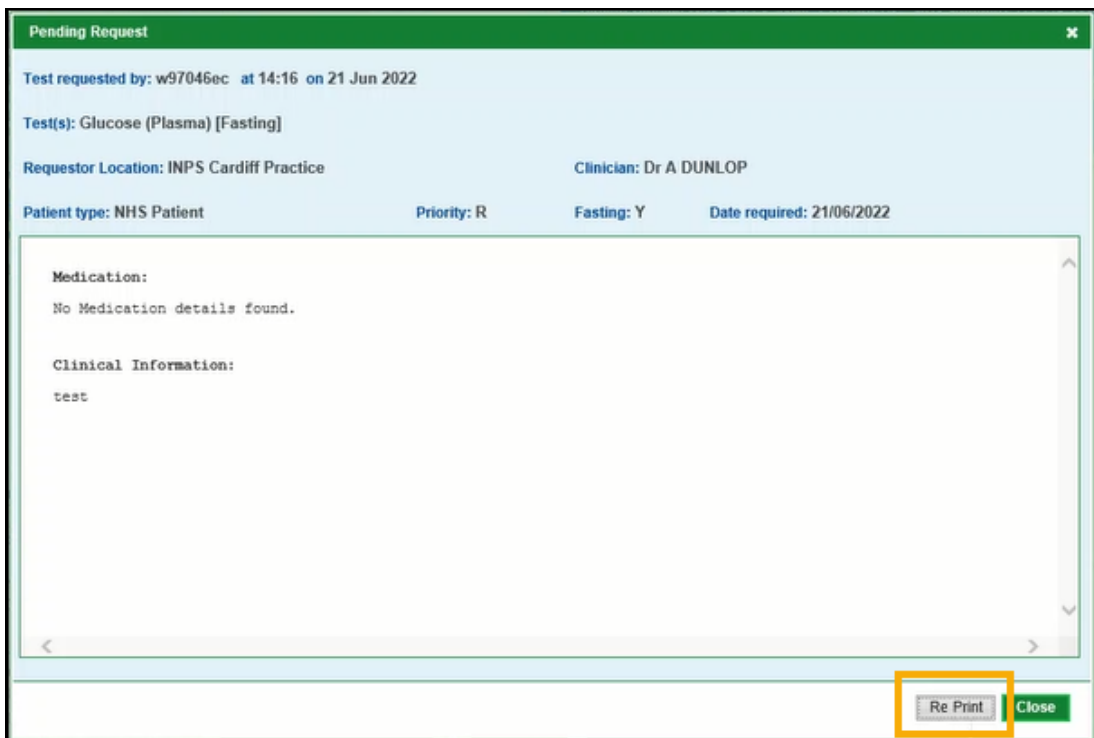

### GPTR Results

1. From the **WGPP**, select **GPTR Results**.
2. The **Welcome to the GP Test Requesting Application** screen displays with two tabs, select **Electronic Test Requests**:

Date	Tests	Department	Request Number
20 Jun 2022	FBC [Request]	BSC	111047176
20 Jun 2022	FBC [Request]	BSC	111047175
15 Jun 2022	FBC [Request]	BSC	111047131
15 Jun 2022	FBC [Request]	BSC	111047129
12 Jun 2022	FBC [Request]	BSC	111047044
1 Jun 2022	FBC [Request]	BSC	111046964

3. The **Pending Request** screen displays, select **Re Print**:

test

Re Print    Close

- The **Print Labels for Test Request** screen displays offering you a choice of writeback options to enable you to write the information back to **Vision Anywhere** in a way to best fit your practice protocols:

- Select **writeback** alongside the option you want to record and then select **OK** to the **Request details saved successfully** message.

From **Printer**, select the printer you require and in **Type** the style of your labels, **A5** or **Zebra**.

- Finally, select **Print**  to print the test request labels.

---

 See [Viewing WGPP Test Requests](#) on page **10** and [Reprinting WGPP Test Request Labels](#) on page **11** for details.

---

---

 **Note - Cegedim Healthcare Solutions** is not responsible for WGPP maintenance or help, please contact your DHCW contact for help with this portal.

---

## Viewing WGPP Test Requests

To view test requests made via the **Welsh GP Portal (WGPP)**:

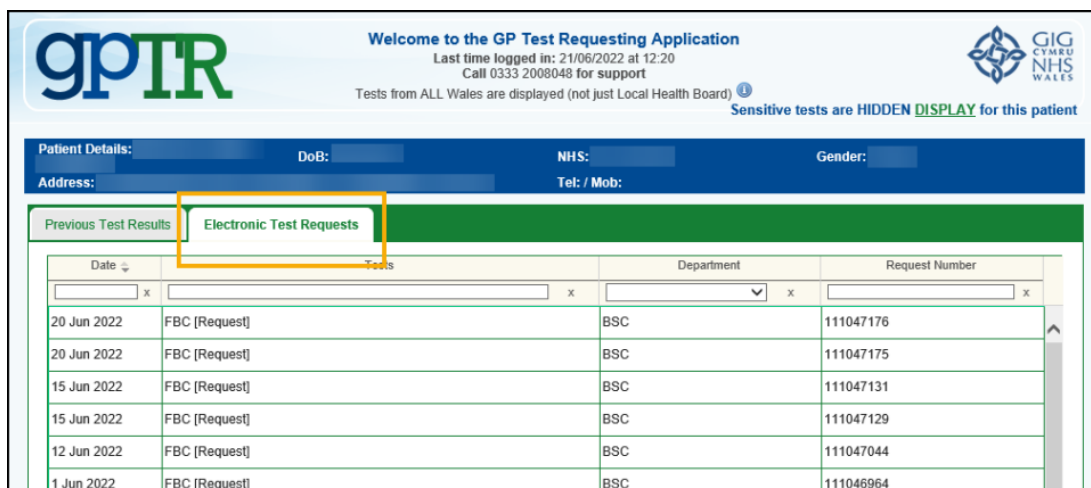

1. From **Vision Anywhere**, select the patient required in the usual way.
2. From **Navigation bar**, select **Application Switch** .
3. Select **External Services - GP Portal**:

 **Note** - Applications available vary depending on your system set up.

 **Training Tip** - If you select **External Services - GP Portal** without first selecting a patient you are prompted to select a patient.

4. If requested, enter your log in details and select **OK**.
5. The **WGPP** displays, select **GPTR Results** .
6. The **Welcome to the GP Test Requesting Application** screen displays with two tabs, select **Electronic Test Requests**:

The screenshot shows the 'Welcome to the GP Test Requesting Application' screen. At the top, it displays the 'gpTR' logo, the user's last login time (21/06/2022 at 12:20), and support contact information (0333 2008048). A note indicates that sensitive tests are hidden and can be displayed. Below this is a patient details section with fields for DoB, NHS, Gender, Address, and Tel / Mob. The main area features two tabs: 'Previous Test Results' and 'Electronic Test Requests', with the latter being selected and highlighted by an orange box. Below the tabs is a table of test requests.

Date	Tests	Department	Request Number
20 Jun 2022	FBC [Request]	BSC	111047176
20 Jun 2022	FBC [Request]	BSC	111047175
15 Jun 2022	FBC [Request]	BSC	111047131
15 Jun 2022	FBC [Request]	BSC	111047129
12 Jun 2022	FBC [Request]	BSC	111047044
1 Jun 2022	FBC [Request]	BSC	111046964

Select the test to display as required.

7. Close the **WGPP** screen to return to **Vision Anywhere**.

---

 **Note - Cegecim Healthcare Solutions** is not responsible for **WGPP** maintenance or help, please contact your **DHCW** contact for help with this portal.

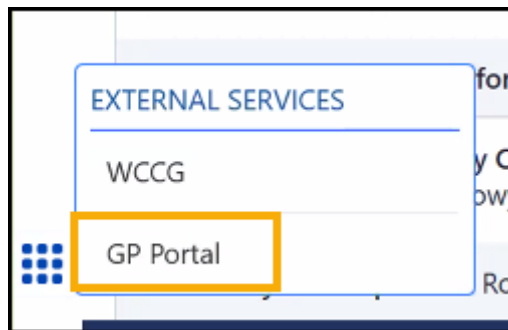

---

## Reprinting WGPP Test Request Labels

If there is a problem with the initial printing of your **Welsh GP Portal (WGPP)** labels, you can reprint them.

To reprint **WGPP** test request labels:

1. From **Vision Anywhere**, select the patient required in the usual way.
2. From **Navigation bar**, select **Application Switch** .
3. Select **External Services - GP Portal**:

---

 **Note** - Applications available vary depending on your system set up.

---

 **Training Tip** - If you select **External Services - GP Portal** without first selecting a patient you are prompted to select a patient.

---

4. If requested, enter your log in details and select **OK**.
5. The **WGPP** displays, select **GPTR Requesting** .

- The **Welcome to the GP Test Requesting Application** screen displays. Under **Recent Requests and Results** select the test request required:

- The **Pending Request** screen displays, select **Re Print** :

- The **Print Labels for Test Request** screen displays, select **Print** .

---

 **Important** - Do not select **writeback** against any option or a duplicated entry is made on the patient record.

---

- Select **Close** to return to **Vision Anywhere**.

- Select the **Back Arrow**  to return to the patient record.

---

 **Note** - **Cegedim Healthcare Solutions** is not responsible for **WGPP** maintenance or help, please contact your DHCW contact for help with this portal.
