

# Quality Assurance and Improvement Framework (QAIF) Wales

## **Summary of Changes**

August 2020

#### **QAIF Submissions**

The Quality Assurance and Improvement Framework (QAIF) has been introduced as part of the contract reform in 2019, it replaces the Quality and Outcome Framework (QOF).

The annual **QAIF** cycle for both the **Quality Assurance** and **Quality Improvement domains** is now 1<sup>st</sup> October to 30<sup>th</sup> September.

To reflect the changes, we have updated the following modules:

#### **Clinical Audit**

Clinical Audit now includes the latest **QAIF Audits** and the **Reference** date displays as the 1<sup>st</sup> October.

**Note** – The QAIF reference date is the date you are working towards, for example, selecting the **nGMS Reporting** view from **Audit Source** enables you to view a list of patients who you need to see before 1<sup>st</sup> October.
