

Pharmacy Intelligence Hub Release 4.3

Summary of Changes

October 2022

In this release we have introduced the following new features and improvements:

- **Financial Overview** - We have introduced a **Financial Overview** screen that displays an easy to view overview of all financial areas of **Pharmacy Intelligence Hub**.

See [Financial Overview](#) for more details.

- **Flu Vaccinations Completed** - We have introduced a new page to detail the number of flu vaccinations completed across your stores.

See [Flu Vaccinations Completed](#) for more details.
